Re: Seep Area Work Plan Addendum I  
Indoor Air Quality Sampling  
Paint Works Site, Gibbsboro, NJ

Dear Mrs. Capichioni:

I have reviewed the above Work Plan Addendum, dated January 14, 2004, that you submitted to my office. After reviewing the document I found it to contain all of the important tasks necessary to provide the best data and information necessary to determine if there is a vapor intrusion issue at the site. I hereby give my approval of the workplan to conduct the indoor air sampling at the Paint Works Corporate Center and U.S. Avenue residences in Gibbsboro Township, NJ.

It is my understanding that you plan to begin this sampling event as soon as possible. Therefore, if you have any problems with access, please advise me, so that I can be of assistance in resolving them. Let me know when you plan on starting the sampling and I will be available to accompany the sampling team to the locations.

If you have any questions regarding this matter please do not hesitate to call me at (732)321-6647 or email me at [Green.Bonnie@epa.gov](mailto:Green.Bonnie@epa.gov).

Respectfully,

Bonnie L. Green,  
On Scene Coordinator
